Review about hotel "Rodnic"

Last holidays I have spent at home and it was so much fun to chill with all the family members. But after one month at home I was bored my grandmother offered me to visit a small village named "Tymnin". I agreed and our adventure began. I'd like to tell you some interesting facts about this place. ~~Bear~~ Firstly, bears love this village so much because it's nearby the wood. This summer a friend of my granny have seen a huge wild bear and he is still alive because of his survival skills. Secondly, there a huge amount of cats here. It is a result of a small restaurant near the hotel "Rodnic". All people who spend their holidays there give some food for the cats and now there are more than 10 cats ~~there~~. Let me tell you about this hotel. In fact, it is a ~~horrible~~ horrible place to live. In your hotel-room you can find ~~coucorachas~~ coucoraches in your walls and even in bathroom. I want to point out that it cost 2 thousand per night. Kind of expensive for place like that. I want to give a piece of advice for prospective travellers.

I want to tell that you always should watch the websites of hotels where you want to stay and don't book the hotelrooms without a quick look on it. Also I want to say that if you love wild nature you ~~prob going~~ probably can survive at place like hotel "Rodnic", but it doesn't worth it.
